### Present

Nikolai C. Brun, Sven Frøkjær, Flemming Madsen, Karsten Vrangbæk, Robin Evers, Christine Erikstrup Hallgreen, Marieke De Bruin, Selene Bornati

### Minutes

1. Welcome and adoption of the agenda

The agenda was adopted, no further items were added.

2. Review and approval of members

The SC has taken note that Biopeople ceases to exist, and has approved the replacement of Eskild Colding-Jørgensen by Sinan Sarac in the Scientific Advisory Board.

CORS will draft a reappointment of all the current members of the SC for the next two years, and submit it for approval by the Dean of the Faculty of Health and Medical Sciences.

3. Finances

- a. Financial report and time spent on tasks. Update on use of start-up funding.  
Expenses were approved.

4. Post.doc approval

The project was approved. CORS can move on to contract and recruitment phase.

5. CORS Future initiatives

Regulatory Science remains an important research field and it is therefore important to keep a dedicated centre - CORS - at the faculty of Health and Medical Sciences. Possibilities for continuation of CORS leadership are being explored and as of January 1, 2021 Christine Hallgeen will act as the interim director.

6. Ad-hoc

No items added.
